

PRINCE CHIMAOBIM NWABUIKWU

SENIOR SOCIAL MEDIA MANAGER & DIGITAL STRATEGIST

Remote | Port Harcourt, Rivers, Nigeria • +234 805 222 4202 • princechimaobimworkplace@gmail.com
Portfolio: princechimaobim.home.blog • GitHub: github.com/princechimaobim • LinkedIn: linkedin.com/in/princechimaobim

PROFESSIONAL SUMMARY

Dynamic, metrics-driven Social Media Manager and Digital Strategist with over 10 years of combined experience in cross-platform content syndication, brand management, digital marketing, and web operations. Proven history of execution highlighted by an unbroken 5+ year tenure managing end-to-end multi-channel operations for the #WordForTodayDevotional global brand, achieving 100% publishing consistency across 1,800+ consecutive days. Expert at transforming raw multimedia content into highly engaging assets customized for LinkedIn, Facebook, Instagram, and WordPress ecosystems. Combines advanced analytical competencies in audience growth tracking with technical expertise in Atlassian tools (Jira/Confluence), database management, and Agile methodologies. Recognized for implementing structured workflows that eliminate bottlenecks, enhance digital engagement, protect brand narrative, and sustain high audience compliance standards.

PROFESSIONAL EXPERIENCE

Senior Social Media & Content Distribution Manager | #WordForTodayDevotional Brand
(Remote) **Dec 2021 – Present**

- **Unbroken 5-Year Execution:** Orchestrated and scaled the end-to-end daily social syndication pipeline for the global brand, sustaining an absolute 100% publishing compliance record across 1,800+ consecutive days without a single drop in cadence.
- **Multi-Channel Syndication:** Managed daily publication distribution architectures across all mainstream digital channels, strategically reformulating raw copywriting into channel-native formats to drive audience acquisition.
- **Web Platform Infrastructure:** Administered the brand's primary digital hub (princechimaobim.home.blog) on WordPress, deploying SEO parameters, layout architecture, and database records protection.
- **Content Quality Assurance:** Conducted precise editorial proofing and logical alignment checks on complex copy segments daily, eliminating typos, structural anomalies, and narrative fallacies prior to release.
- **Workflow Framework Optimization:** Leveraged Jira and Confluence tracking systems to build content calendars, streamline multi-step asset preparation, and minimize administrative review latency.

Digital Operations & Customer Engagement Specialist | Upwork & Guru.com Freelance
Networks (Remote) **Jan 2023 – Present**

- **Multi-Client Digital Support:** Delivered strategic customer support, user onboarding, and social engagement tracking for international corporate entities via structured email, chat, and CRM platforms (HubSpot, Salesforce, Zoho).
- **Audience Insights Management:** Analyzed operational dataset metrics, produced cross-platform performance summaries, and managed database hygiene to identify growth constraints or engagement opportunities.
- **Agile Project Governance:** Coached multi-disciplinary remote teams on Scrum values, optimizing collaboration parameters, defining user milestones, and utilizing dashboard visualizers to maintain deadline accuracy.

Operations & Brand Asset Manager | Jahmeh Development Corporation (Port Harcourt, Nigeria) **Dec 2017 – Dec 2023**

- **Escalation Mitigation Control:** Supervised high-stakes customer escalations, resolved critical service frictions, and protected brand integrity by designing strict community moderation parameters.
- **Process Improvement Execution:** Led team-wide operational transformations, implementing standardized execution protocols that significantly upgraded communication speed and improved general service metrics.

- **Executive Insight Analytics:** Synthesized complex multi-departmental engagement and budget charts into clear, actionable executive summaries to optimize brand budget spend.

Web Developer & Customer Success Manager | Global Alliance for Universal Health

Coverage in Africa (Abuja, Nigeria)

Mar 2016 – Nov 2017

- **Web Infrastructure Deployment:** Planned, coded, and deployed enterprise website frontends using PHP and JavaScript; conducted exhaustive cross-browser environment tracking to troubleshoot layout defects and guarantee smooth user interactions.
- **Accounts Onboarding Architecture:** Served as the primary technical anchor for high-tier organizational accounts, designing onboarding frameworks, user documentation, and metrics tracking to increase platform adoption and user retention.

Systems & Technical Support Engineer | Circum Technologies Limited (Port Harcourt, Nigeria)

June 2010 – Dec 2013

- **Technical Infrastructure Optimization:** Configured and maintained hardware layouts, routers, corporate network firewalls, and relational databases, establishing a flawless blueprint for internal data protection rules.

EDUCATION & PROFESSIONAL CREDENTIALS

Bachelor of Science (B.Sc.) in Accounting | University of Nigeria Nsukka (UNN) 1999 – 2005

Post-Graduate Diploma in Computer Network Engineering | Allenworld Creation Inc. Training School 2006

Advanced Diploma in Telecom Engineering | Corner Stone Technology 2011
